Noodle Seed

Massive Market Opportunity

- Global Low-Code Development market: $36.4B in 2024, projected to reach $187.0B by 2030 (Markets and Markets)

- AI in software development market: $13.9B in 2024, growing at 45.2% CAGR (Grand View Research)

- Only 34% of enterprise projects completed on time, with average overrun of 114% (McKinsey, 2024)

- 78% of enterprise leaders prioritizing AI integration for app development (Gartner, 2024)

- Targeting $200B+ enterprise software development market with expansion to full custom SaaS

Noodle Seed

Proprietary Technology

- Seed Specification: 25x more efficient than direct code generation
- AI agents replace multiple developer and design roles
- One interface builds UIs, APIs, and automations
- Works across cloud platforms without manual integration
- Open source core with proprietary enterprise features

Noodle Seed

# Team and Investment

■ Leadership

- **Fahd Rafi (Founder):** 20+ years of experience at Google, Microsoft, HP, Shell and others

- **Asad Iqbal (Co-founder):** Product expert with enterprise experience

- **Engineering Team:** 6 senior cloud architects

- **CTO Candidate:** Ready to hire Amazon Principal Engineer
